

## Proposed Action

### Construct a five-lane, east-west connector between Bannock Highway and South 5th Avenue

- Provide an alternate route from the Indian Hills–Johnny Creek area to the east side of Pocatello.
- Improve safety at the only Union Pacific Railroad crossing between Benton Street and Portneuf Road by providing a bridge over the tracks.
  - Allow uninterrupted traffic flow between Bannock Highway and South 5th Avenue north to the I-15/South 5th Avenue interchange.
